Values & Philosophy

As an organization, we hold ourselves to the highest possible standards. As part of that belief, we are guided by a fixed philosophy and set of key values that drive how we do business.

“We choose to leave the world a better place than we found it.”

We are strong believers in the obligation to serve and support the communities we work in. This is evidenced in the services we offer, and the passion we employ in taking additional measures to ensure everything we do makes a difference in the right way.

This also includes our unwavering commitment to the environment. We source materials derived from renewable sources, recommend the use of green materials in supply chains, and maximize our recycling efforts.

Core Values

Preservation

Ensuring our foundations are solid – preserving not only our organization but also the solutions we provide our partners and clients.

Collaboration

We employ industry experts across all our divisions and brands, and cultivate highly specialized collaborations in our ever growing workforce.

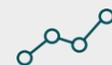

Internationality

The work we do leverages our global experience for local benefit through assisting partners across the globe.

Integrity

Our Words = Our Actions. We provide transparency and ethical practices that deliver tangible results.

Development

We are constantly growing, always learning and actively developing means for improvement in our service of others.

Stewardship

We acknowledge the responsibility for our actions in the world. We believe deeply in fostering the growth and sustainability of the locations in which we work.

Corporate Citizenship & Sustainability

We create employment opportunities, invest where we work, and support charitable causes that truly make a difference. This includes of \$1 Million USD raised for typhoon relief efforts in the Philippines, and ongoing multi-million dollar donations of medical aid to various countries in which we have operated, including:

- North & South Sudan
- Ethiopia
- Republic of Congo
- Ivory Coast
- Republic of Chad
- Uganda
- Somalia
- Mozambique
- Togo
- Burkina Faso

In addition, we also operate various programs in different parts of the world to engage and enrich our communities. Our programs offer self-development prospects to our customers, employees, suppliers and communities.

The Momentum Solutions team is committed to supporting the local communities where we are engaged. Our teams are embedded with local partners to deliver projects that add value and new skill sets directly to the people benefiting from the infrastructure we provide.

Urgent Response Division

Our Urgent Response Division is a global full-scale sustainment solutions provider in contingency, expeditionary and emergency response situations.

Momentum offers a 25+ year track record delivering urgent response solutions to some of the world's most critical humanitarian crises. We are a highly regarded and long-term partner of many federal and international governments agencies, military and non-profit organizations.

Our agile team of tenured industry experts engineer customized turn-key strategies, supported through measured project consultation and purpose driven performance. We offer an unparalleled ability to quickly identify, mobilize and deploy labour forces and equipment to support life sustaining solutions worldwide. This is possible through our expedited access to and delivery of crucial project specific equipment and efficient access to capital.

Our clients gain preferential access and pricing through Momentum's size and scale, resulting in substantial buying power with key strategic global partners and suppliers.

We continuously accomplish what most would consider 'impossible'. These experiences have led to continued growth and development, ensuring Momentum remains a steady partner, available 24/7 to meet the needs of all customers professionally and reliably.

➔ “The A330 successfully departed Wuhan on February 6, 2020 and safely flew 176 Canadians back home.”

Repatriation of Canadian Citizens from Wuhan China for Canadian Government

Brief:

The Canadian government requested the emergency repatriation of Canadian citizens from Wuhan China at the outset of the coronavirus pandemic outbreak in early February 2020, under never before seen challenging quarantine conditions.

Solution:

Momentum chartered an Airbus 300 with 300+ seating capacity and our operations team ensured the aircraft and crew were equipped with all necessary PPE supplies and detailed procedures for performing the evacuation.

Result:

The A330 successfully departed Wuhan on February 6, 2020 and safely flew 176 Canadians back home to CFB Trenton. Momentum directly procured the necessary PPE and ensured all passengers and crew were properly outfitted and protected per Canadian government regulations throughout the operation and performed rigorous disinfection protocols to clean the aircraft before and after the flights before releasing it back to general service.

“Momentum Solutions was contracted to deliver multiple units of airlift support for FEMA.”

Fixed & Rotary Wing Support for FEMA Following Hurricane Maria

Brief:

Hurricane Maria, a deadly Category 5 hurricane devastated Puerto Rico in September 2017. Momentum Solutions was contracted to deliver multiple units of airlift support for FEMA to facilitate open ended evacuation efforts where needed and transit emergency workers, supplies and aid from various points on the US mainland for as long as was necessary.

Solution:

We were commissioned to source an extensive array of air transport options for a complex list of lift needs with less than 24 hours notice. We utilized passenger and cargo aircrafts as well as helicopters to facilitate access to both central and remote locations on the island.

Results:

The Momentum operations team was positioned in Puerto Rico and worked 24/7 from September 2017 through March 2018 for FEMA to ensure all aircraft and helicopter missions could be mobilized when needed on short notice, and operated smoothly.

“Momentum was requested by numerous governments and clients to transport hundreds of tons of PPE supplies.”

Urgent Cargo Charters for PPE during Coronavirus Outbreak

Brief:

During the 2020 Coronavirus pandemic outbreak, Momentum was requested by numerous governments and clients to transport hundreds of tons of PPE supplies from China to the US and other countries within a short timeframe.

Solution:

Momentum contracted cargo aircrafts with varied capacities including converted Airbus 340, Antonov 124 and 225 aircrafts to move all cargo including N95 face masks, gowns and gloves.

Results:

The urgently needed cargo supplies were delivered on time and further dispatched to front line workers combatting the outbreak.

➔ “Momentum supplied a Sikorsky S-61N MKII helicopter with sling capacity of 11,000 lbs”

Remote Twin Otter Aircraft Rescue From Nunavut

Brief:

A Royal Canadian Aircraft CC-138 Twin Otter Aircraft was damaged during a landing on sea ice north of Inuvik, Nunavut in March 2019. Momentum was contracted by the RCAF to arrange airlift recovery back to Inuvik.

Solution:

Momentum supplied a Sikorsky S-61N MKII helicopter with sling capacity of 11,000 lbs to transport the 7,800 lb Twin Otter back to Inuvik to support the RCAF’s rescue and recovery operation.

Result:

Momentum’s Operations team worked alongside the impressive team dispatched by the RCAF to ensure the Twin Otter was transported successfully back to Inuvik for repairs, a journey which took approximately 90 minutes across the Arctic.

➔ “Momentum was contracted by FEMA to supply multiple helicopters with sling capacity.”

Helicopter Sling Operation (Puerto Rico Electrical Grid Reconstruction)

Brief:

In September 2017, a violent category 5 hurricane swept through Puerto Rico. The island’s electrical grid suffered catastrophic damage, leaving the majority of households and businesses without power for weeks, and in some cases, months.

Solution:

Momentum was contracted by FEMA to supply multiple helicopters with sling capacity to assist local contractors to repair the grid and restore power throughout Puerto Rico.

Results:

Momentum supplied two (2) S-61 helicopters with dedicated crews on multi-month contract. Slings were employed to transport materials and manpower to remote hard to reach locations throughout the island, to lift and remove or replace downed poles and towers, and to ferry fuel and equipment. Momentum maintained its dedicated presence in Puerto Rico through March 2018.

World Cup 2018 Passenger Charters

Brief:

The 2018 FIFA World Cup was held across eleven cities in Russia. Momentum was contracted by multiple tour operators from countries with participating teams needing to transport large groups of fans, corporate sponsors and media to various matches throughout the tournament.

Solution:

Our group charter division sourced multiple aircrafts, often on short notice for groups of 50 up to 300 passengers, including Embraer 145, Airbus 320 and Boeing 737-700 and 737-800.

Result:

All flights operated successfully and cost effectively, moving passengers internationally to and from Russia, and domestically within Russia.

“The result was successful elections that included over 17,000 polling stations.”

Helicopter Charters in Africa

Brief:

An African government required helicopter support to transport voting materials and staff to polling stations in hard to reach parts of the country.

Solution:

We supplied five dedicated fully-crewed helicopters to help facilitate the movement of staff members.

Result:

The result was successful elections that included over 17,000 polling stations and the transportation of over 120,000 polling staff.
